## Overview

Theme Alan is one of the most powerful, amazing and flexible themes on Odoo store. Multipurpose Premium Responsive Odoo Themes - Fashion, Furniture, Sports, Jewellery, Corporate. Creative theme, Ecommerce theme, Entertainment theme, Personal theme, Services theme, Technology theme, Business theme, Multipurpose odoo theme, Multi-purpose theme, Theme Alan, Odoo new themes, Alan Theme, Bootstrap4 odoo themes, eCommerce Businesses, Odoo RTL Theme, Right to left theme. Let's start with core theme feature of theme alan.

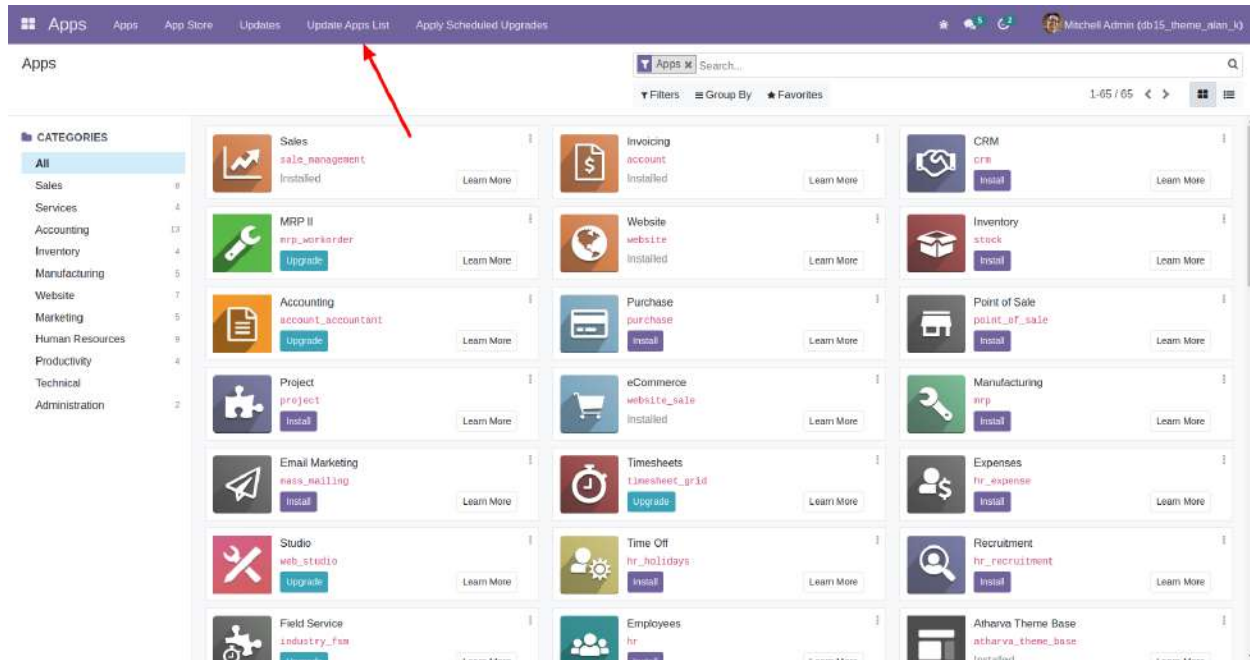

## Installation

Download Theme Alan Modules and unzip both modules to your addons or custom addons folder and restart Odoo Service

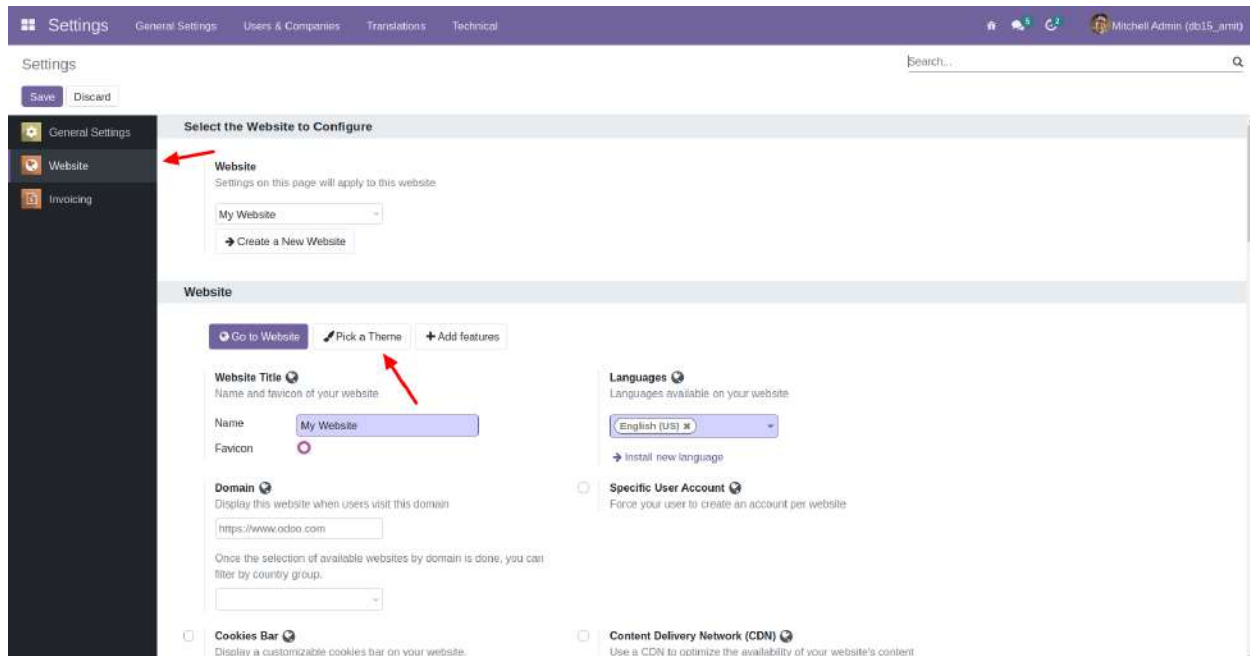

Now Activate Developer Mode:

Now go to Apps section and click on Update Apps List

Now go to the search bar and search 'Atharva Theme Base' and click on install. When module is install It will redirect you to website Configurator page and if not redirect then go to setting and click on 'Pick a Theme' after that click on 'Use This Theme' on Theme Alan

## Alan Headers & Footers

In odoo we have different headers and footers options which we can use to set header and footer in our theme and Theme Alan provides you additional more amazing headers and footers options which you can use to create a more attractive website.

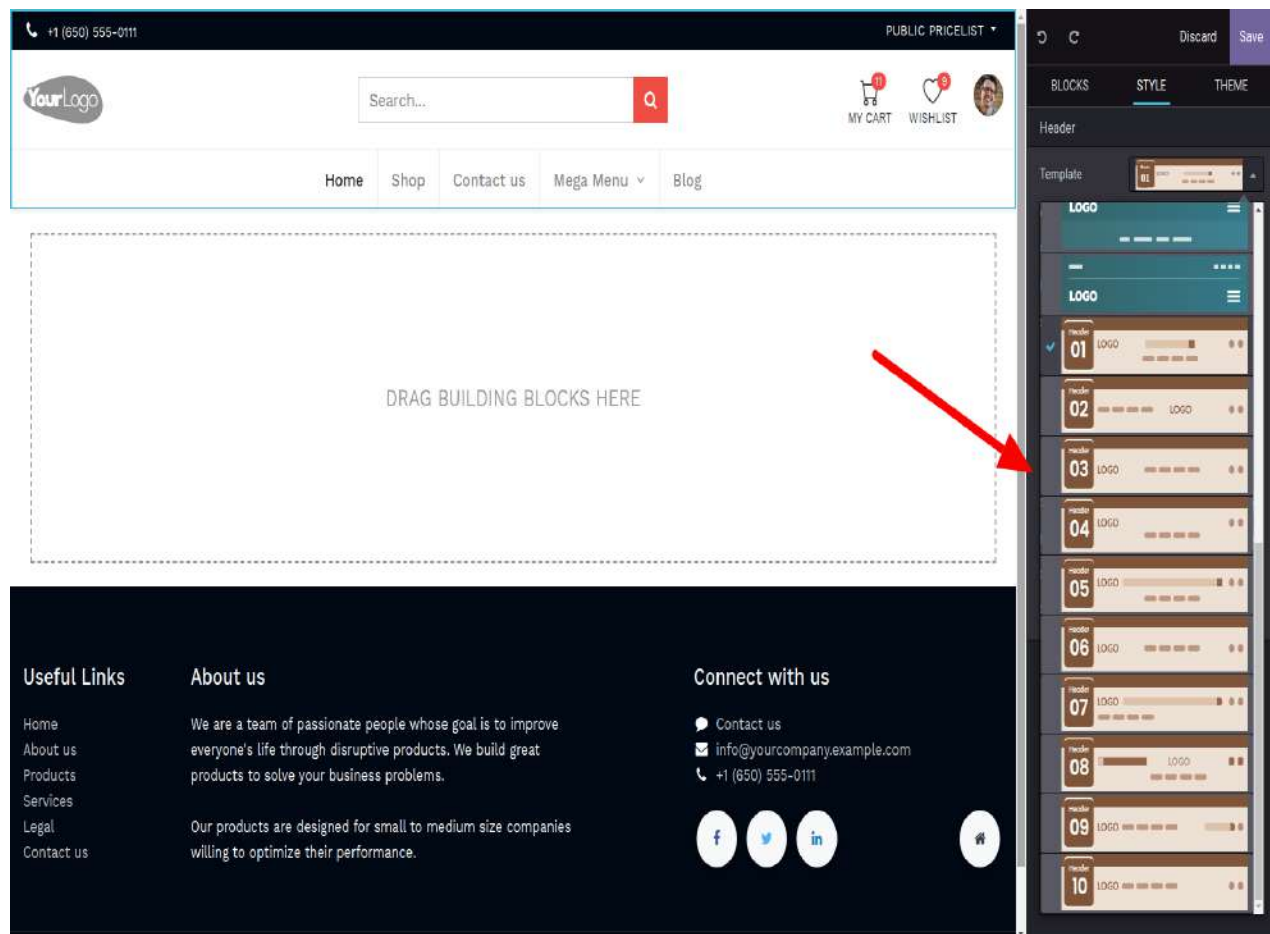

Theme alan provides you 10 amazing headers and Footers.

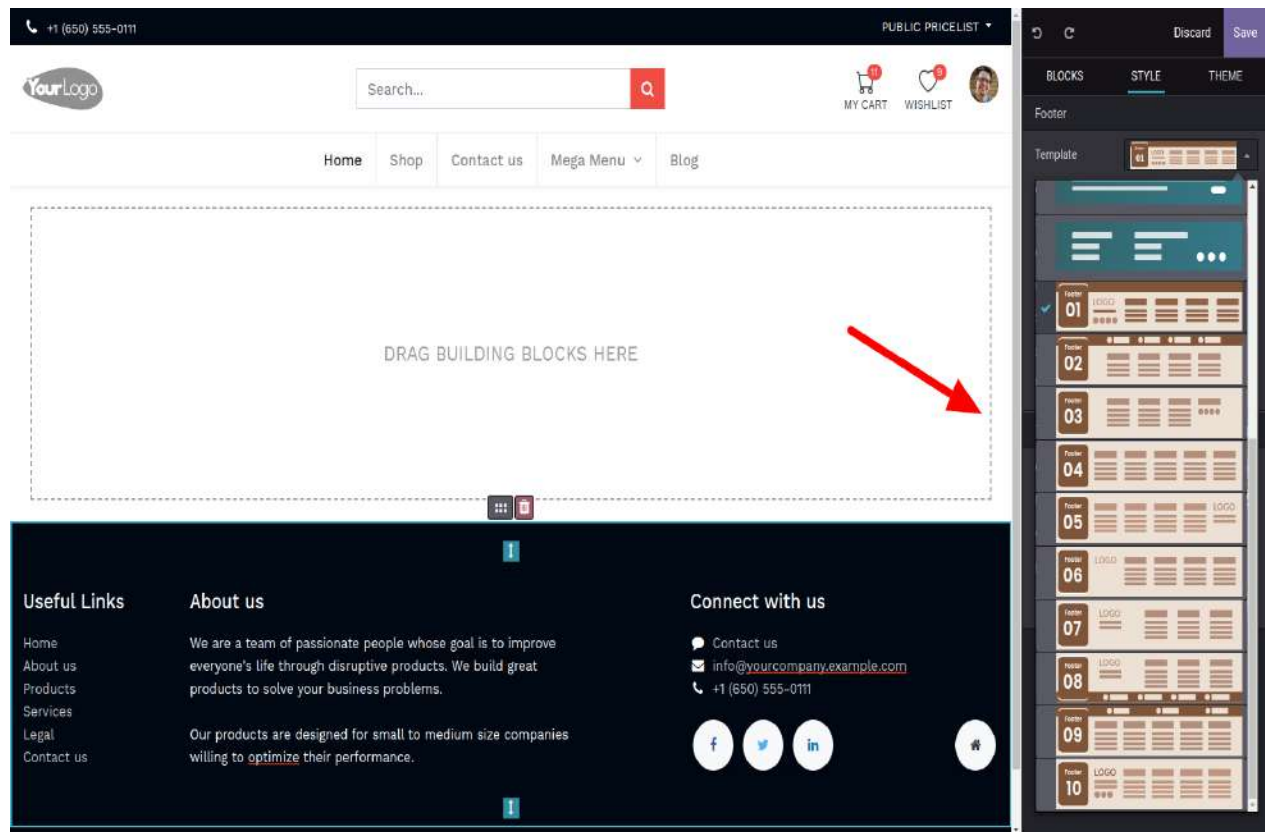

### Let's see steps to changes header and footer

**Step 1 :** Click on the edit button given at top right side.

**Step 2 :** Click on header or footer (based on which you want to change)

**Step 3 :** Now click on the template option where you can see our custom header or footer options.

## Alan Shop Layout

Theme Alan provides you 5 shop page layouts by which you have 5 different styles for the shop page to display products and filters in a more amazing way and you can use it and change whenever you want.

### Let's see steps to changes shop page layout

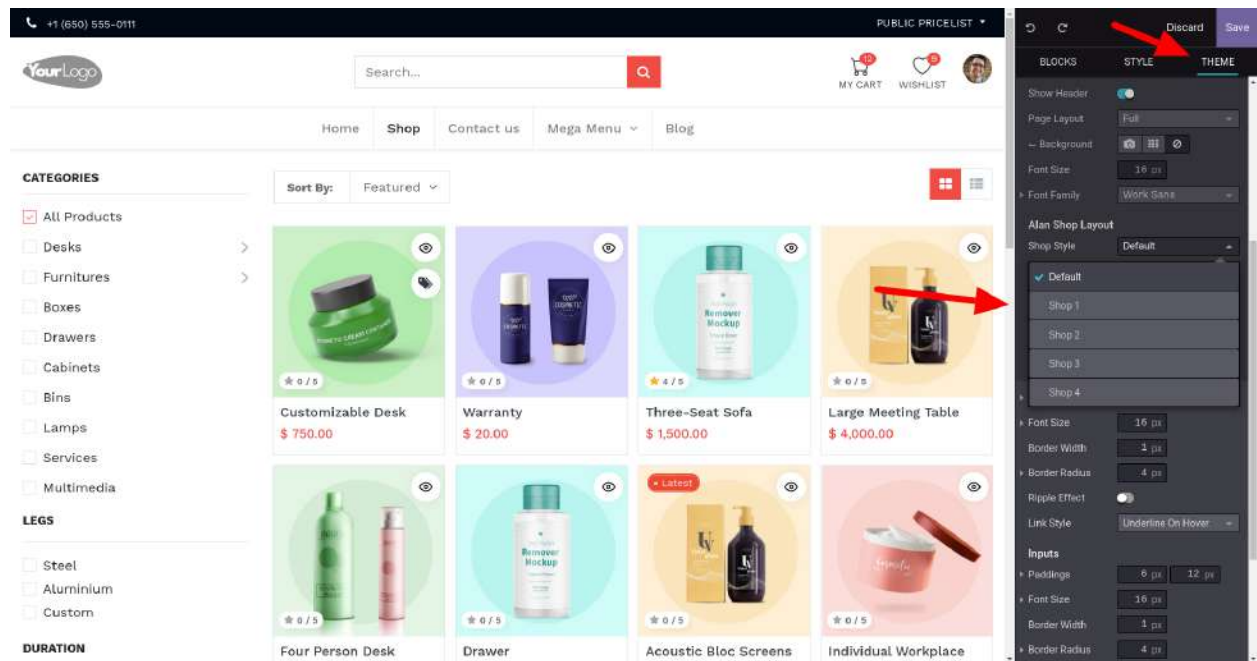

**Step 1 :** Click on the edit button given at top right side and then click on Theme option.

**Step 2 :** Now scroll down to the Alan Shop Layout section and select the Shop Style.

**Step 3 :** Select the Shop Layout option to display the shop page in full size or box size.

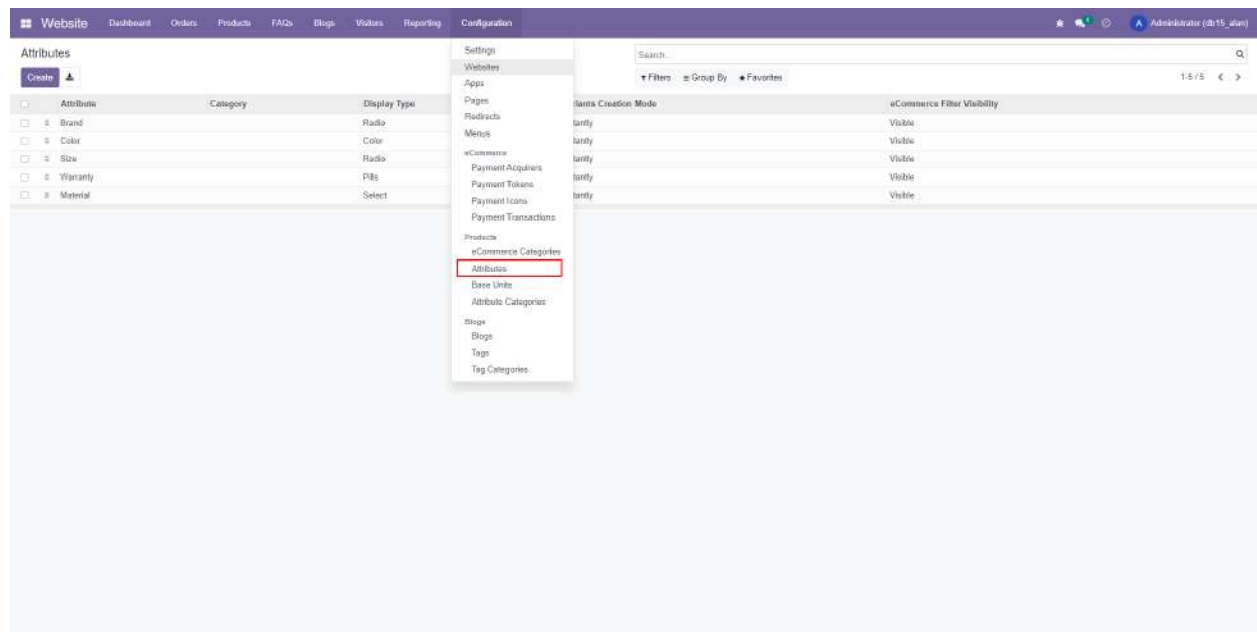

**Step 4 :** Now check the shop page and you will find products and filters styles changes.

## How to add product attribute filters in the shop page.

## Alan Product Filter

Theme Alan comes with additional filters like rating filter, brand filter and tag filter by which customers can select their desired product more accurately. All the custom filters have switches so you can activate or inactive filters as per your requirement.

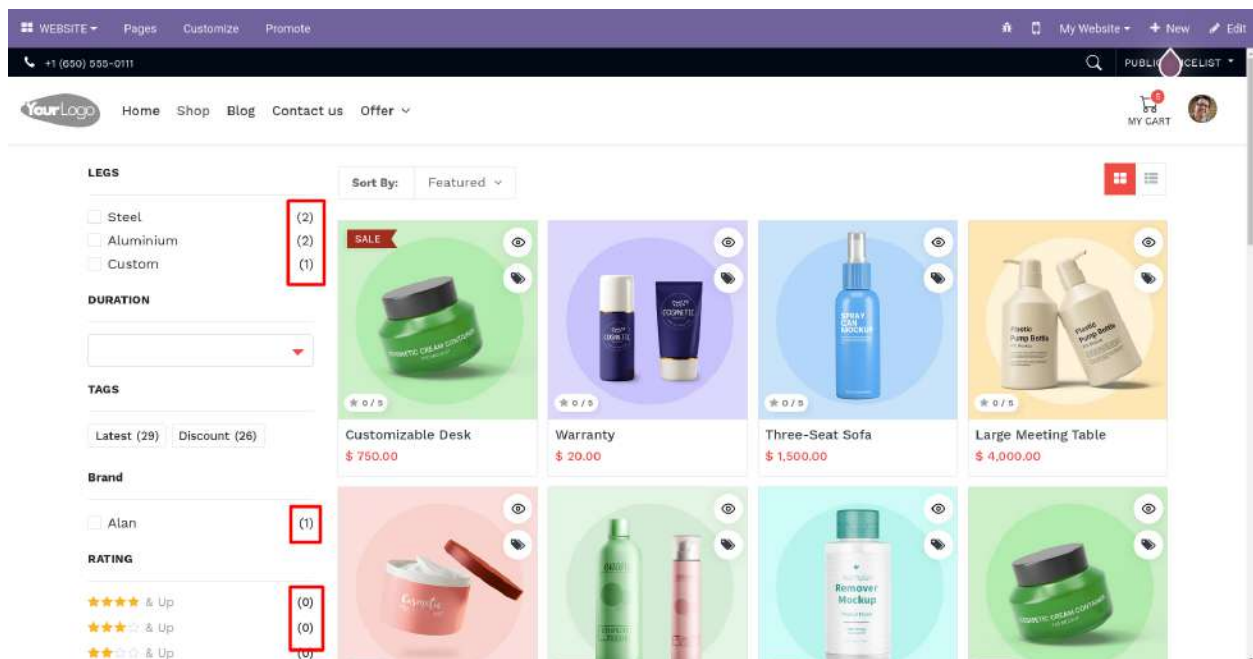

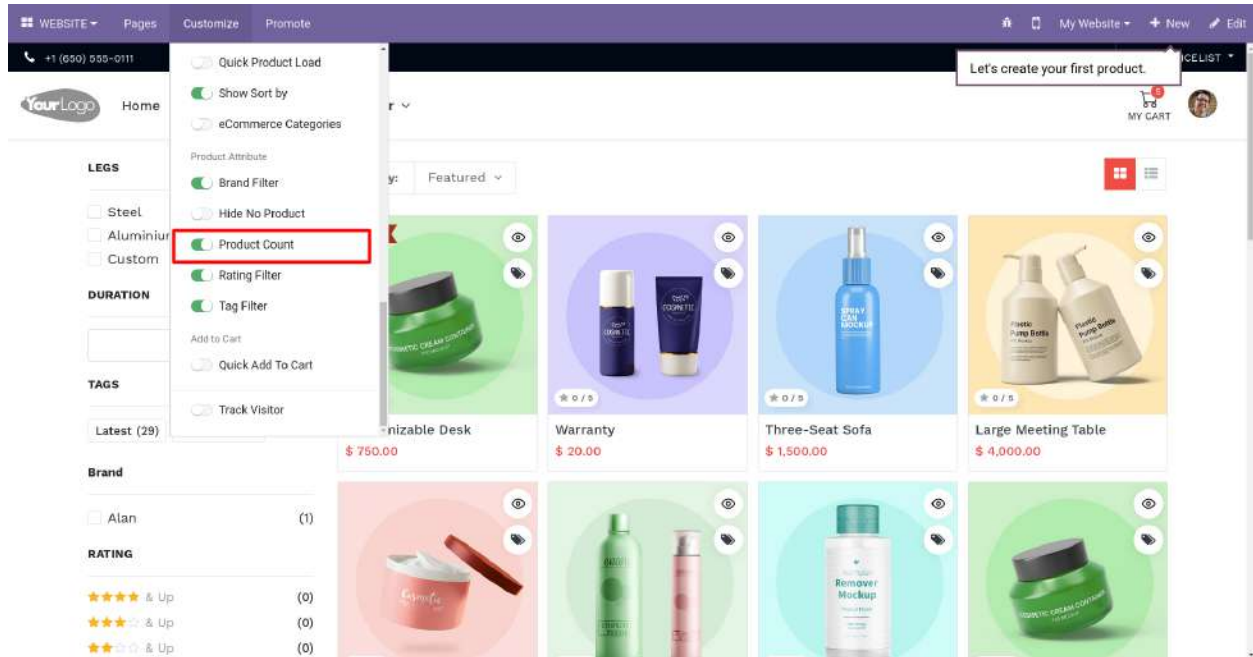

## Hide No Product Attributes

Theme Alan provides you hide no product attribute which helps to hide the attribute that does not contain any product. You can activate this feature from customized options.

## Product Count

Theme Alan provides you product count feature in which you can see the number of product count attributes wise in the filter section. You can activate this feature from customized options.

## Similar Product

Theme Alan comes with similar product functionality by which users can see similar products of any particular product.

### Let's see steps to configure similar products

**Step 1 :** Go to any product form view in admin.

**Step 2 :** In product form view click on Sales tab.

**Step 3 :** Now add the product in Alternative Products fields

**Step 4 :** Go to the shop page and switch on similar products from the customize option.

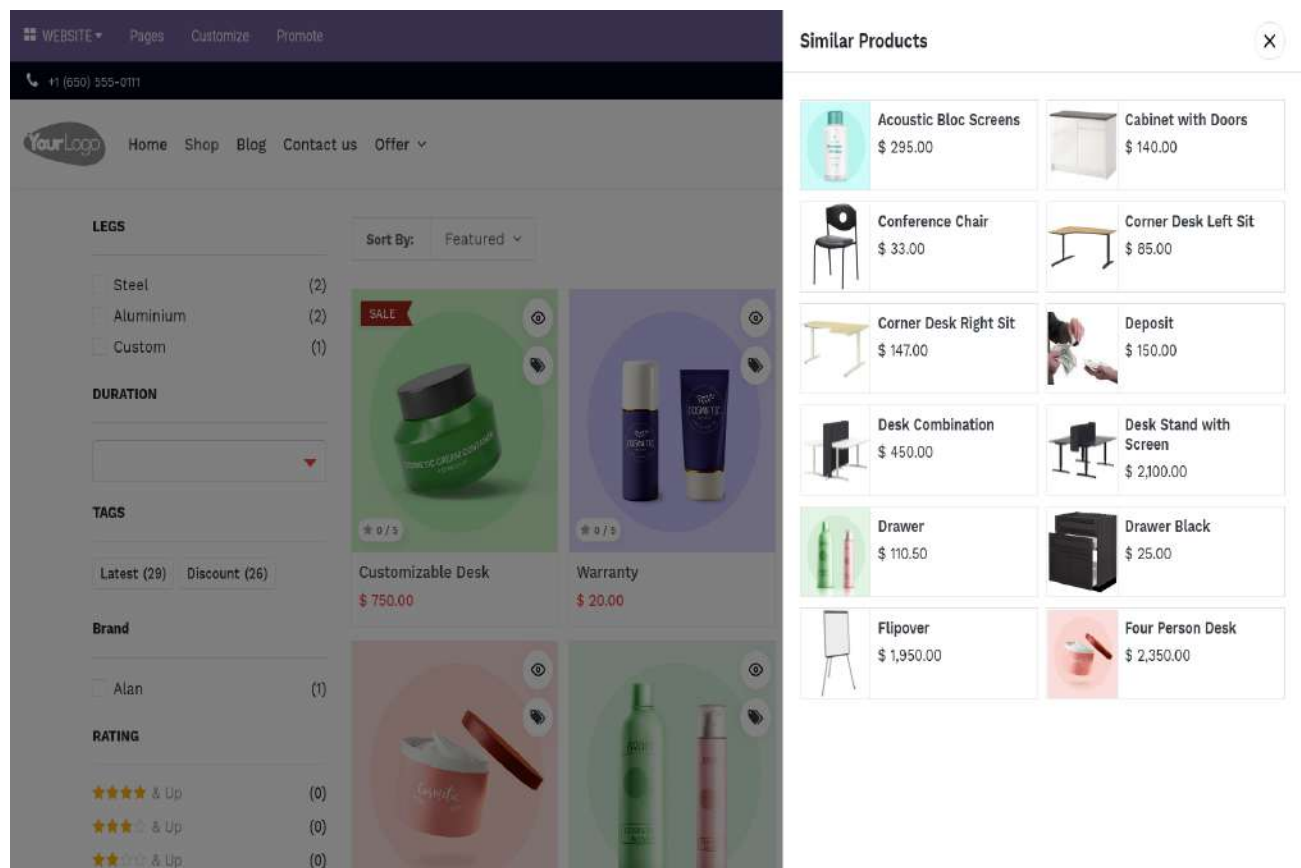

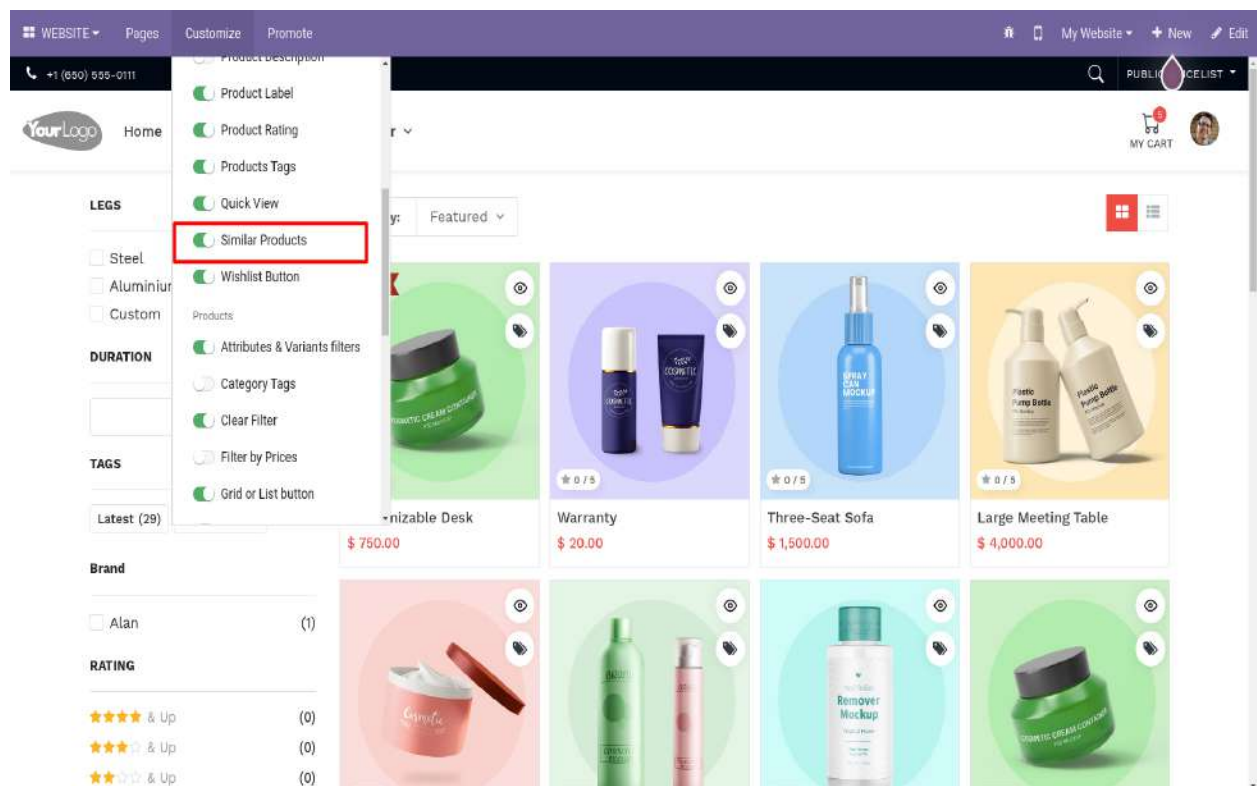

**Step 5 :** Click on a similar view icon on any product.

The screenshot displays the Admin Panel for the 'Customizable Desk' product. The 'Sales' tab is selected, and the 'Alternative Products' section is highlighted with a red box. The list of alternative products includes:

- [FURN\_6666] Acoustic Bloc Ser...
- [E-COM11] Cabinet with Doors X
- Conference Chair X
- [FURN\_1118] Corner Desk Left Sit X
- [E-COM06] Corner Desk Right Sit X

- [FURN\_8855] Drawer X
- [FURN\_8901] Flipover X
- [FURN\_7800] Desk Combination X
- [FURN\_8900] Drawer Black X
- [FURN\_8220] Four Person Desk X

The 'Extra Product Media' section is also visible at the bottom.

## Product Rating

Theme Alan comes with a product rating switch on the shop page by which you can show the product rating on the shop page.

The screenshot shows the admin interface of Theme Alan. On the left, there is a sidebar with navigation links: Home, LEGS, DURATION, TAGS, Brand, and RATING. The 'Products Item' settings menu is open, showing various toggles. The 'Product Rating' toggle is highlighted with a red box, indicating it is turned on. The main content area displays a grid of product cards, including 'Customizable Desk', 'Warranty', 'Three-Seat Sofa', and 'Large Meeting Table'. Each card shows a product image, a star rating (e.g., 5/5), and a price.

**Products Item Settings:**

- ☒ Add to Cart
- ☒ Comparison List
- ☐ Product Description
- ☒ Product Label
- ☒ Product Rating
- ☒ Products Tags
- ☒ Quick View
- ☒ Similar Products
- ☒ Wishlist Button
- ☒ Attributes & Variants filters
- ☐ Category Tags

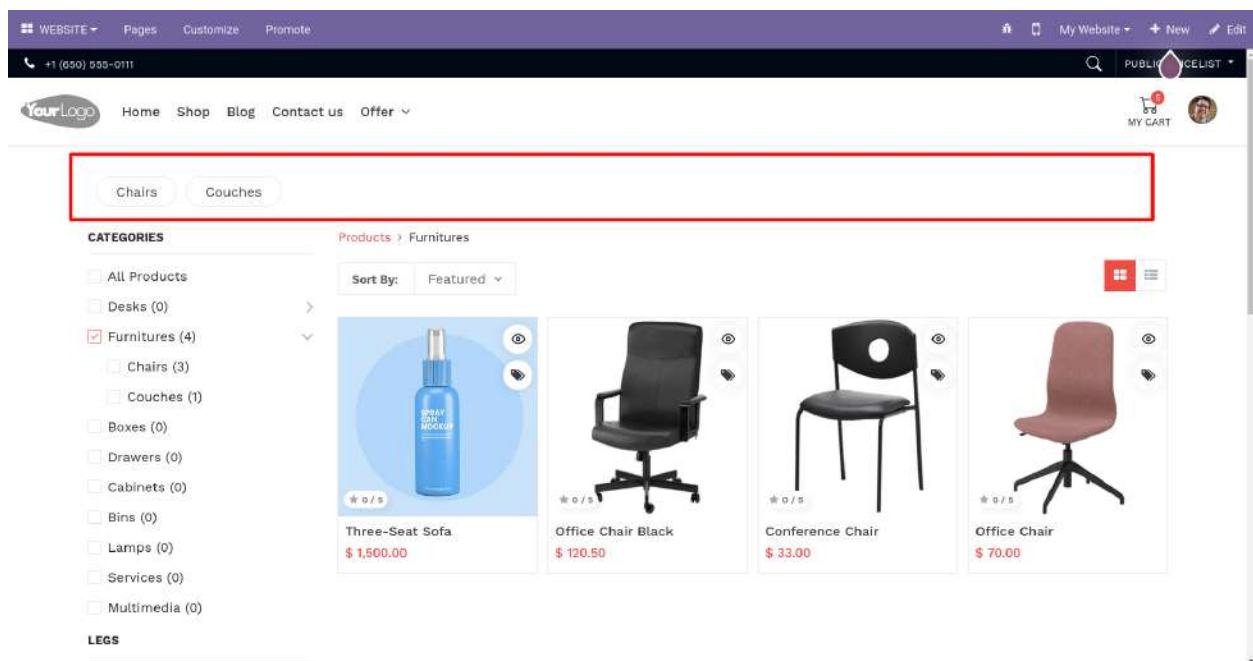

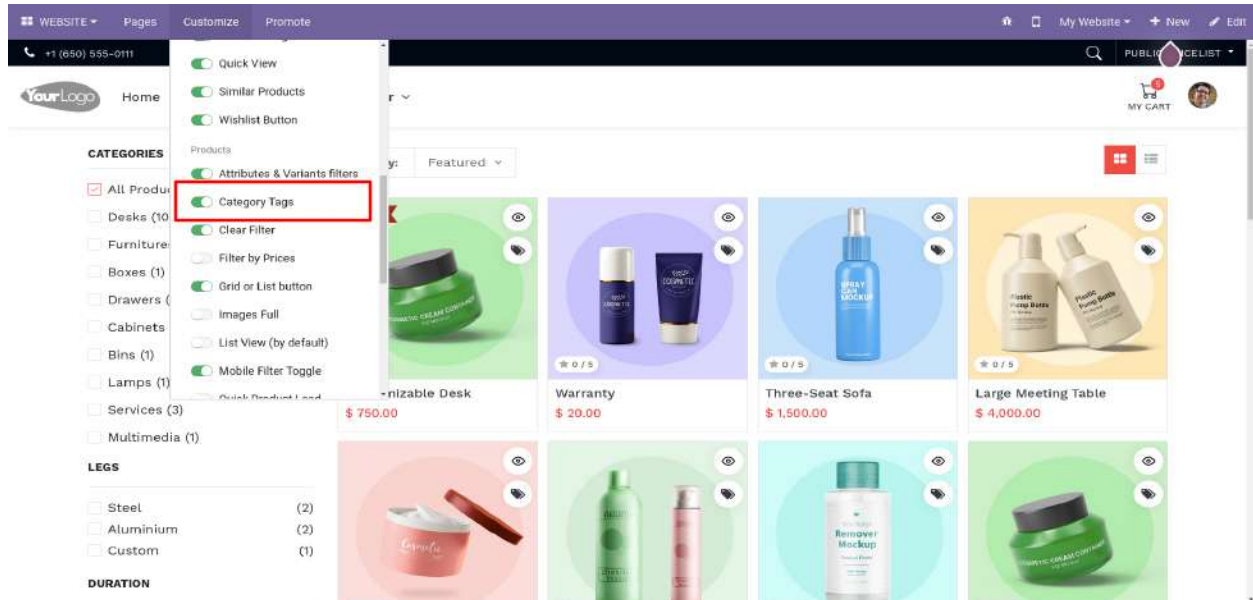

**Product Grid:**

Product Name	Price	Rating
Customizable Desk	\$ 750.00	5/5
Warranty	\$ 20.00	0/5
Three-Seat Sofa	\$ 1,500.00	0/5
Large Meeting Table	\$ 4,000.00	0/5

The 'Product Rating' toggle is highlighted with a red box in the settings menu.

## Bubble Category Tags

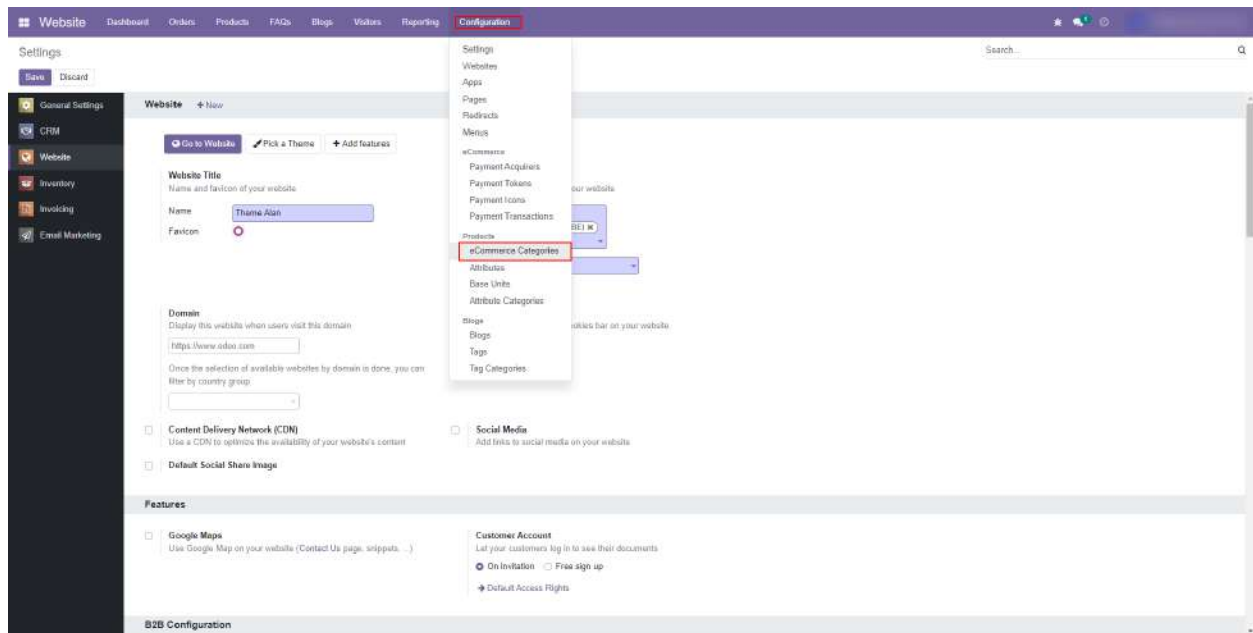

Theme Alan comes with a category tag which helps the user to display sub categories of selected categories at the top of page. You can activate or inactive this feature from the customize option at the shop page.

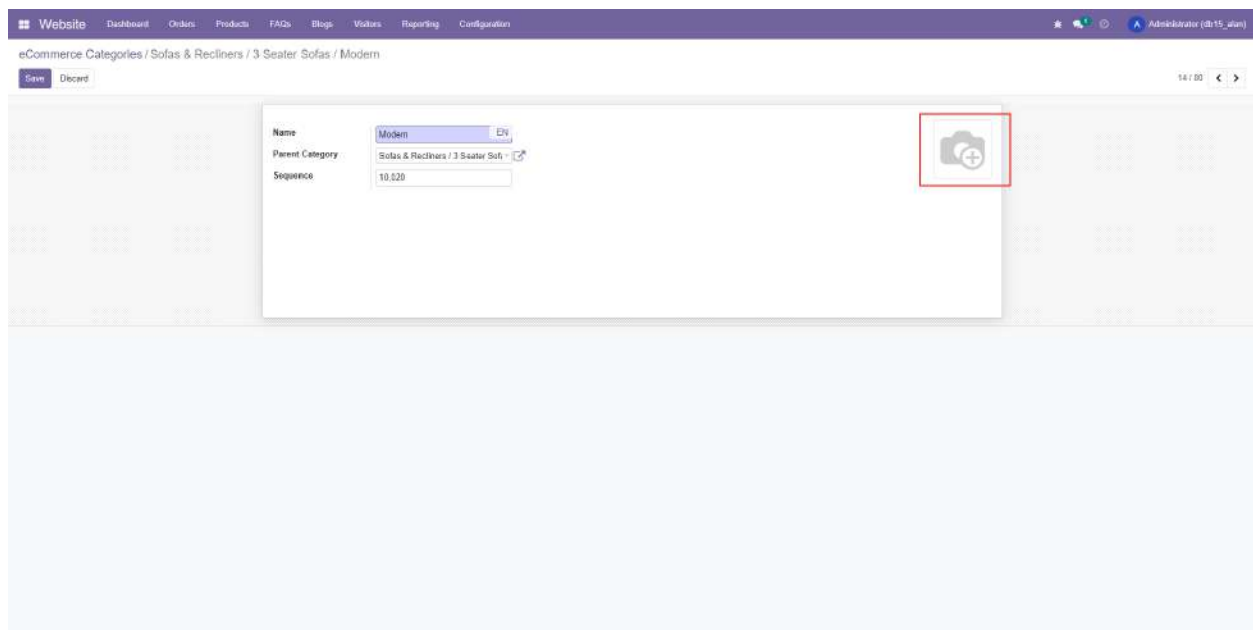

## How to add an image in Bubble Category.

Follow the steps below.

1) Edit > Website > Configuration > eCommerce Categories

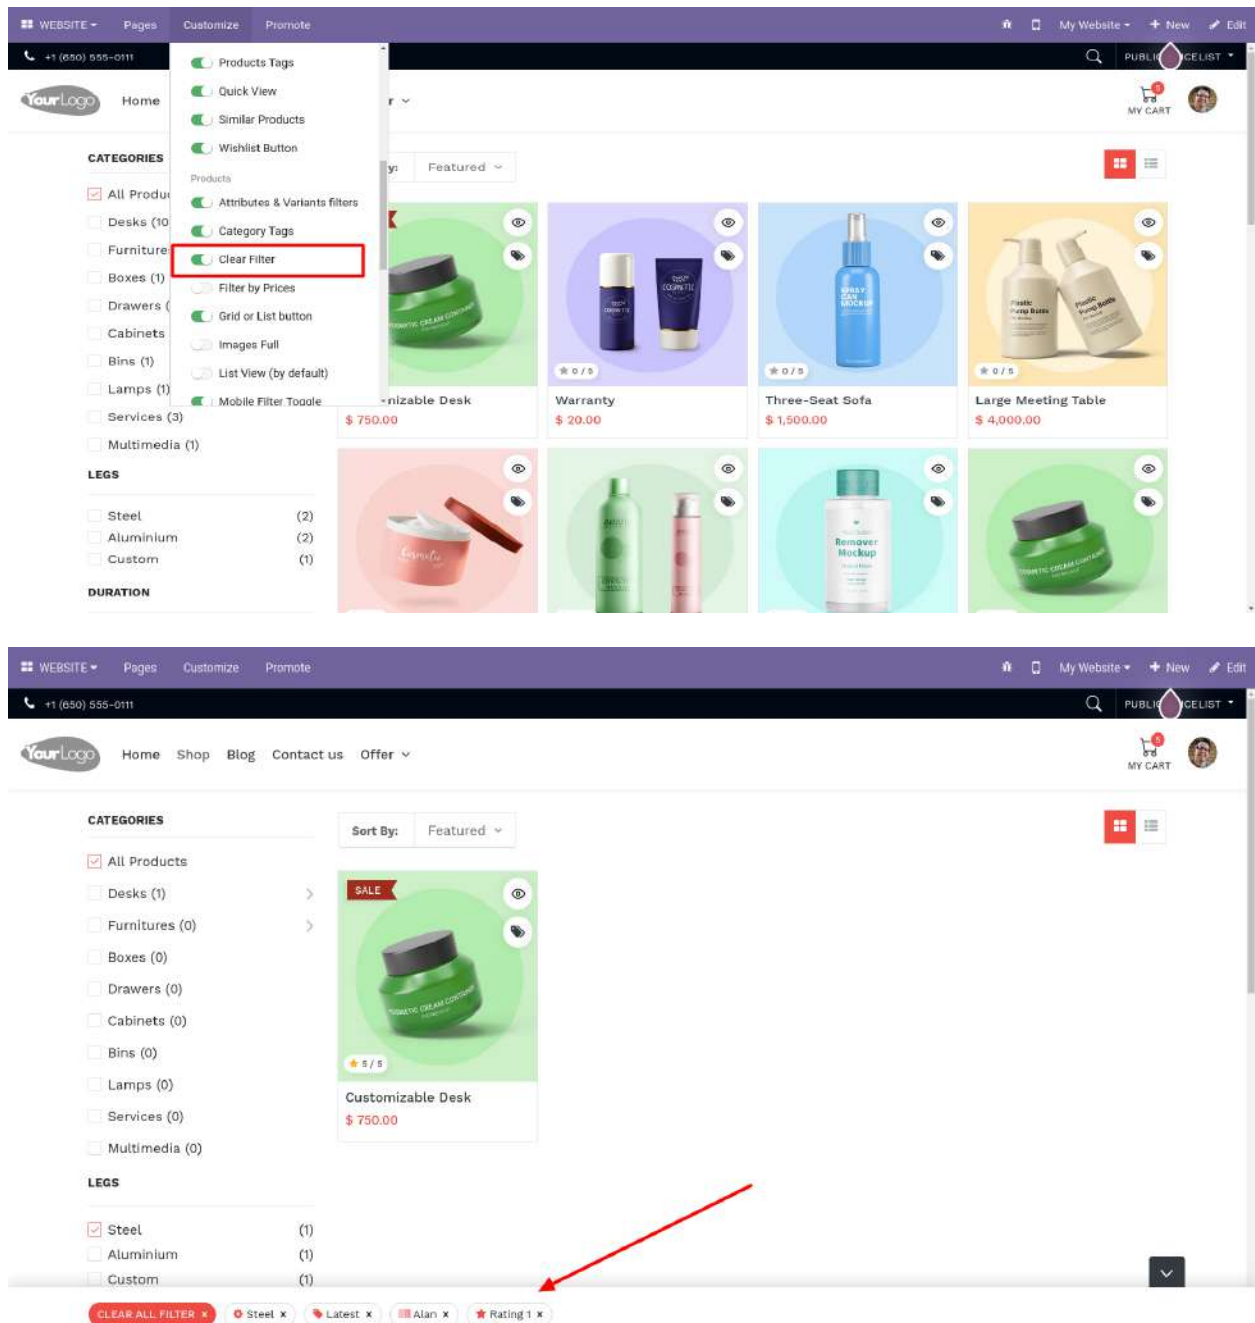

Edit Category and upload image and save.

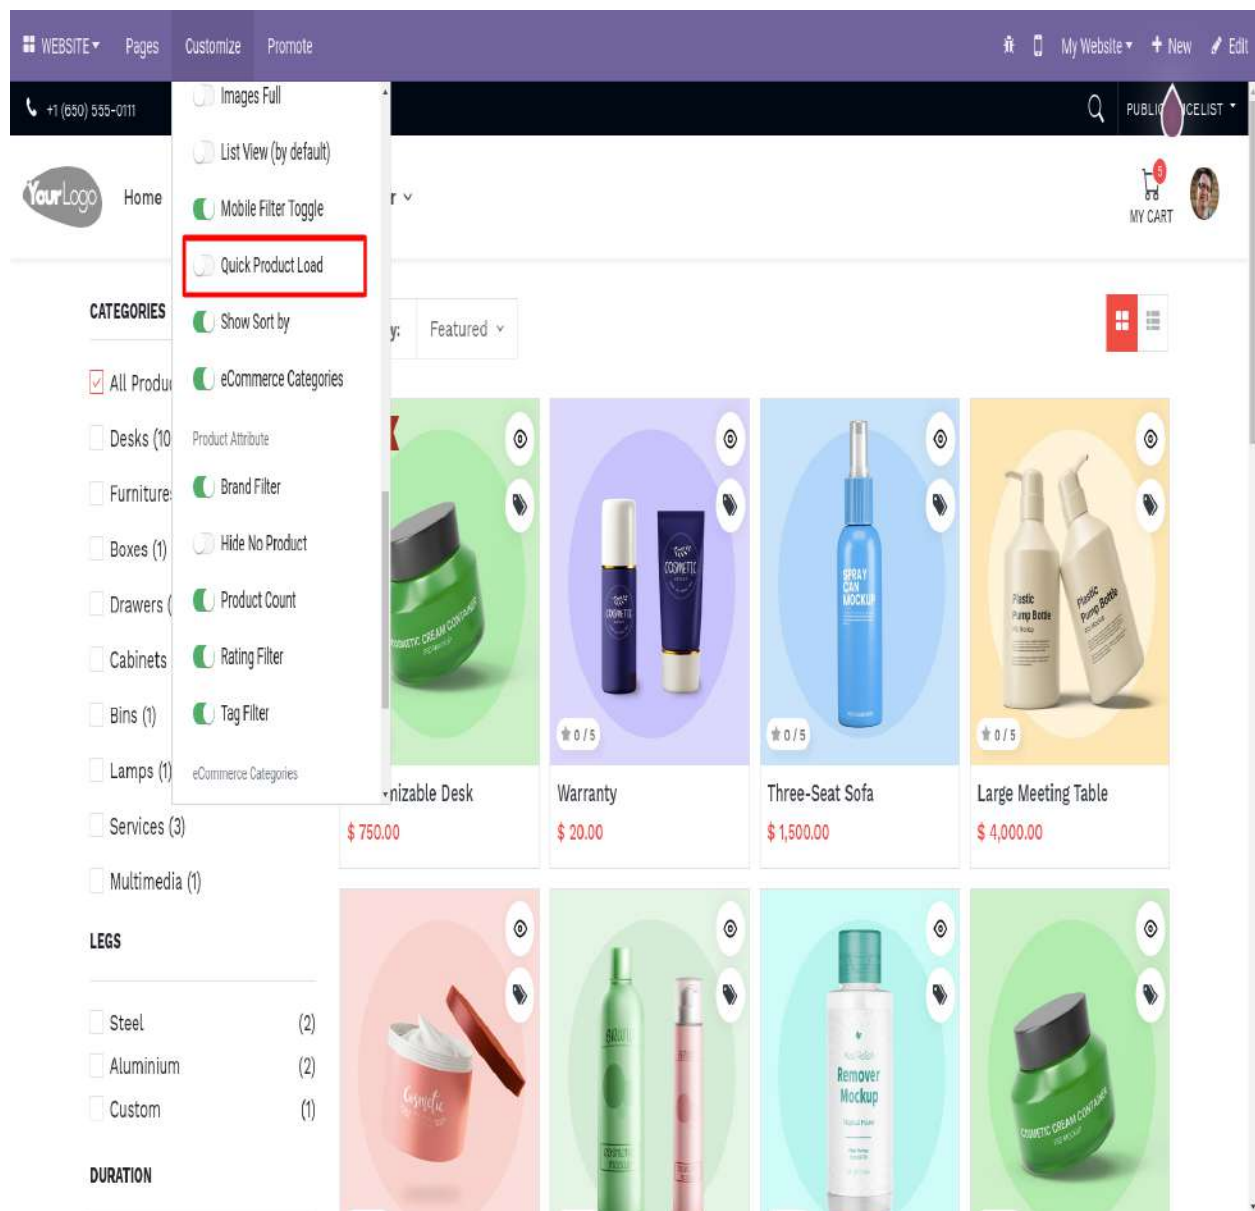

## Dynamic Clear Filter

Theme Alan comes with a dynamic clear filter which helps users to clear all applied filters on the shop page. By default this option is active and you can inactive this from customize options.

## Quick Load Product

Theme Alan comes with a quick load product which helps users to get the next page product without reloading the page. You can on or off this feature as per your requirement from customize options.

## Product Tabs

Theme Alan comes with product tabs functionality in which you can add multiple tabs on the product detail page. To add the product tab you need to configure the tab from admin side in product form view.

**Let's see steps to configure products tabs.**

**Step 1 :** Go to any product form view in admin.

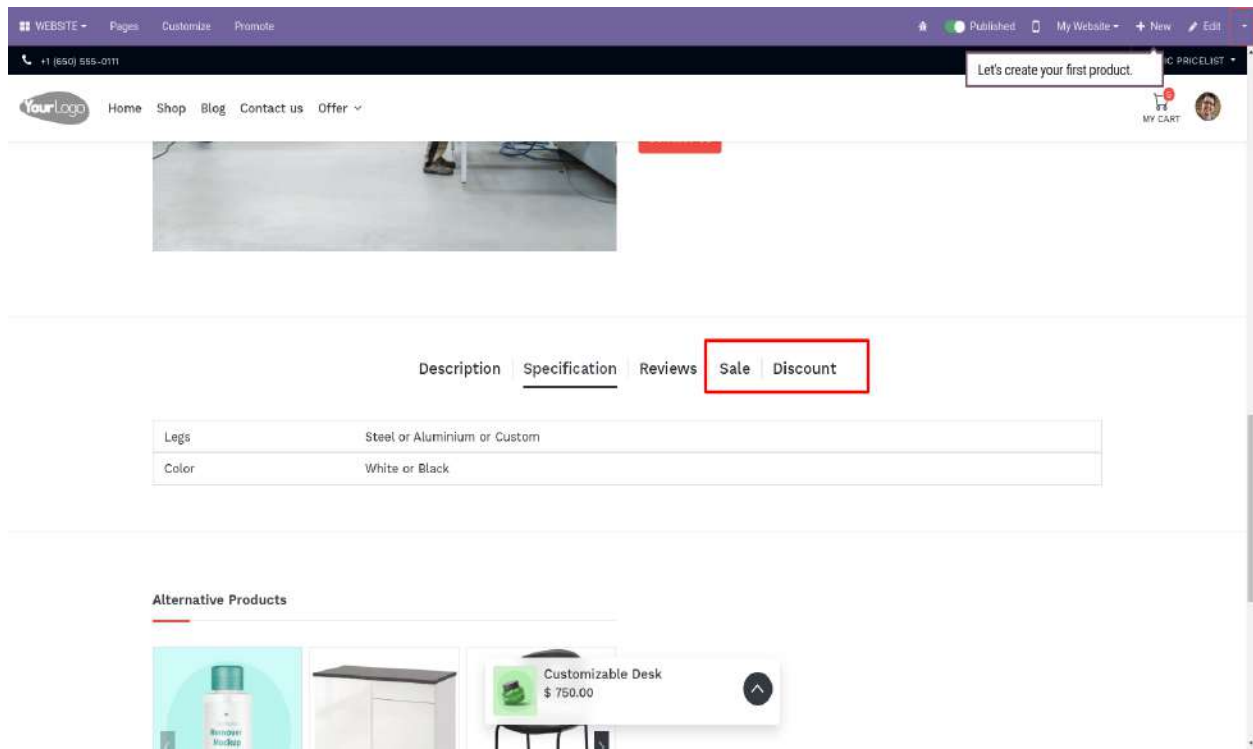

**Step 2 :** In product form view click on product tabs.

**Step 3 :** Now create the tabs for that particular product.

**Step 4 :** Go to the product detail page and check your tabs.

The screenshot displays the 'Customizable Desk' product form in the admin panel. The top navigation bar includes links for Website, Dashboard, Orders, Products, FAQs, Blogs, Visitors, Reporting, and Configuration. The user is logged in as 'Mitchell Admin (db15\_amit)'. The breadcrumb trail shows 'Products / Customizable Desk'. Below the breadcrumb are 'Save' and 'Discard' buttons. The 'Print Labels' button is also visible. The product details section shows the 'Product Name' as 'Customizable Desk' and the 'SKU' as 'Alan'. There are checkboxes for 'Can be Sold' and 'Can be Purchased'. The 'Product Tabs' tab is highlighted with a red box. Below this tab, there is a table with columns 'Sale' and 'Discount'. The 'Add' button is located above the table. The bottom of the form shows 'Send message', 'Log note', and 'Schedule activity' buttons. The footer indicates 'Yesterday'.

## Accessory & Alternative Product Sliders

Theme Alan provides you custom alternative and accessory product sliders. You can configure accessory and alternative products from the admin section and you can on or off any of these sliders from the customize option on product detail page.

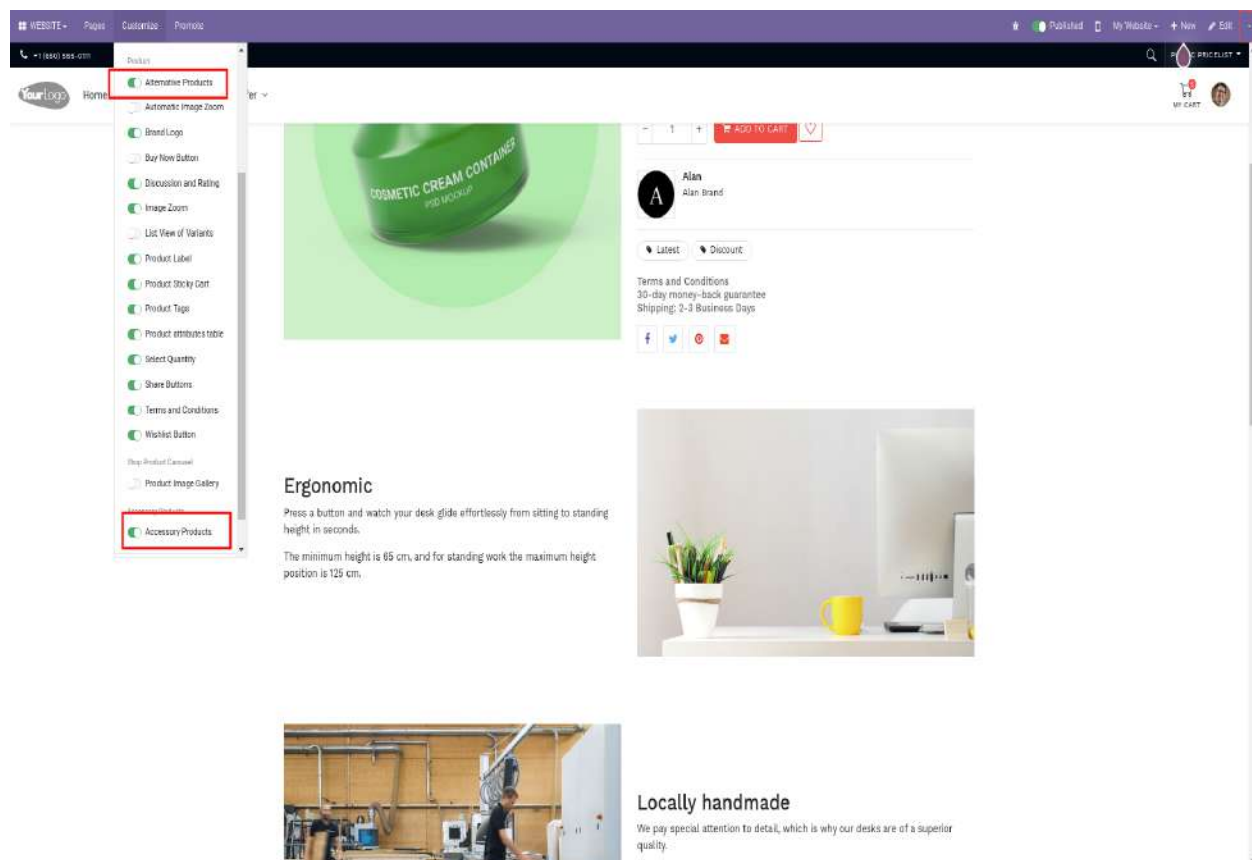

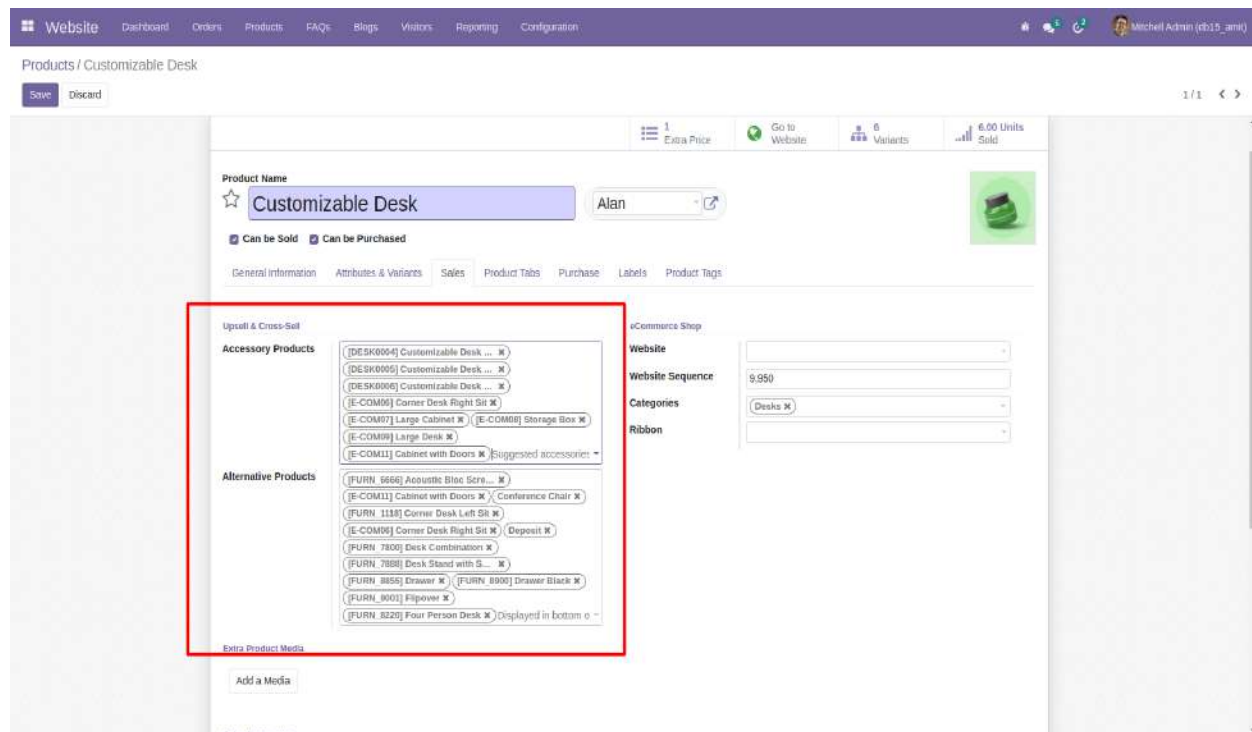

### Let's see steps to configure accessory and alternative slider

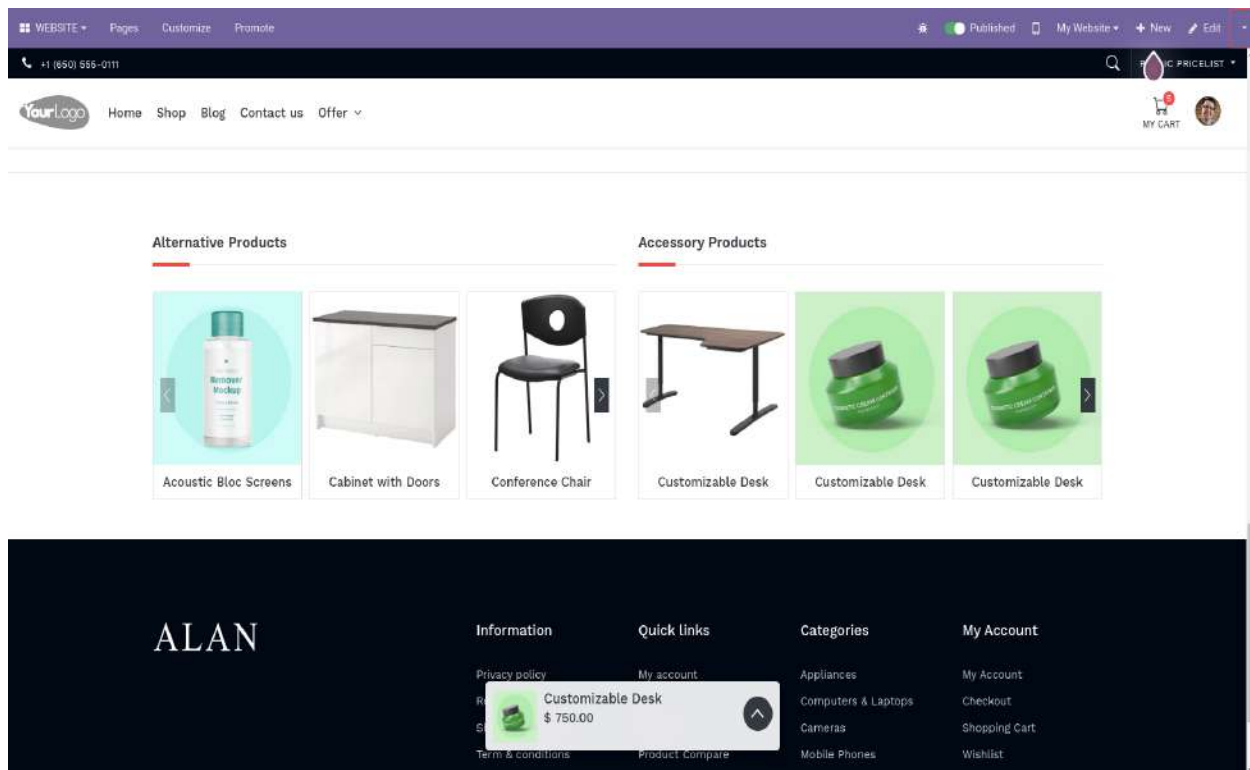

**Step 1 :** Go to any product form view in admin.

**Step 2 :** In product form view click on sale.

**Step 3 :** Now add the product in accessory and alternative product fields

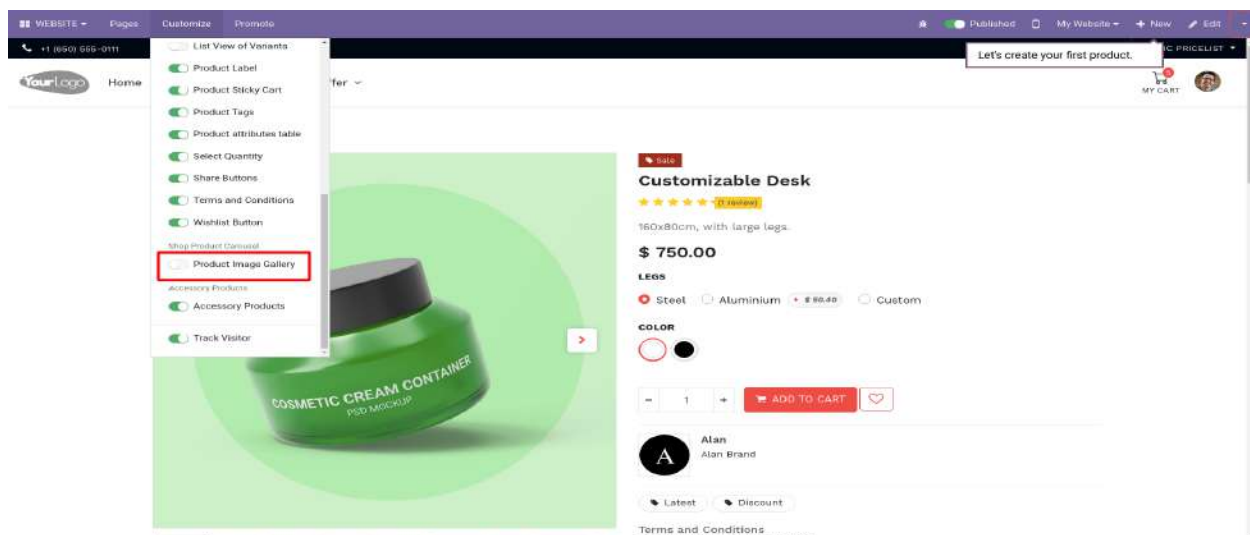

**Step 4 :** Go to the product detail page and check your tabs.

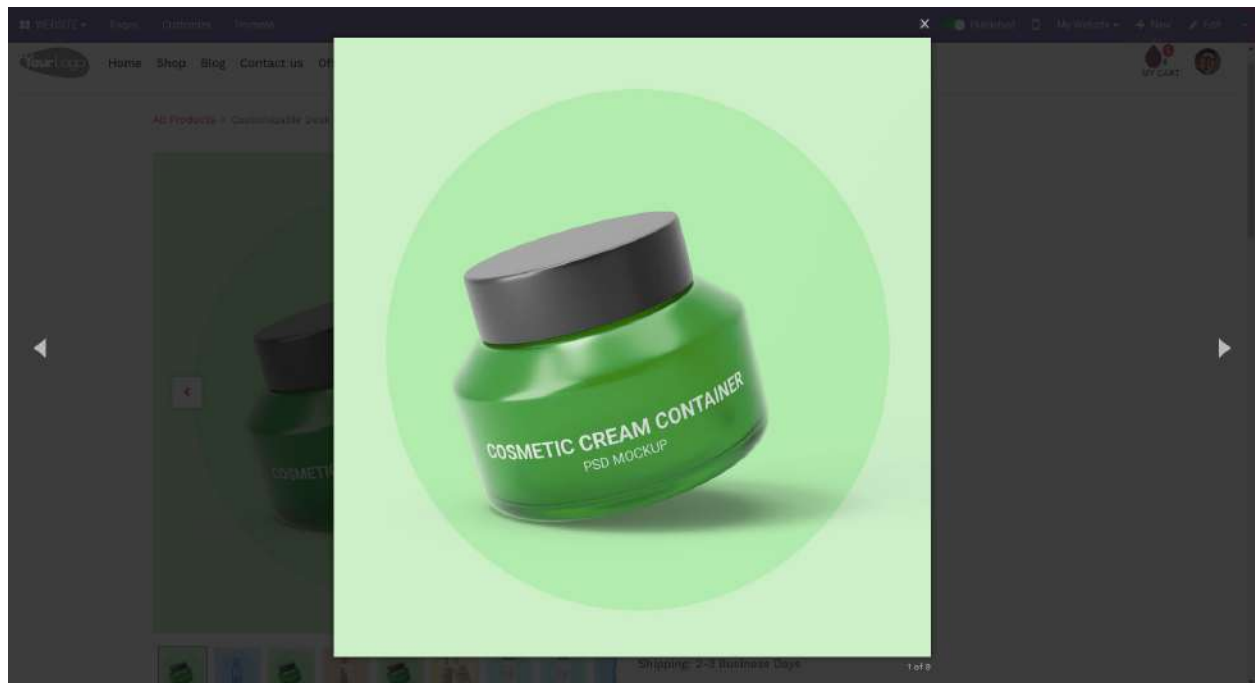

## Product Image Gallery

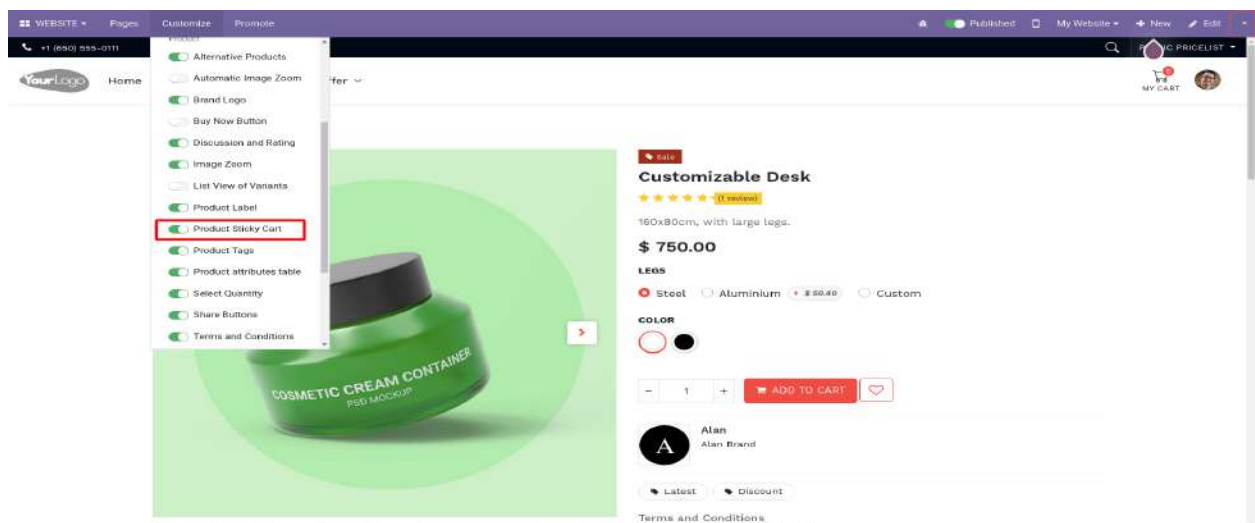

Theme Alan comes with a product image gallery feature in which you can see product images in a more stylish way. You can turn on or off this feature from the customize option on the product detail page.

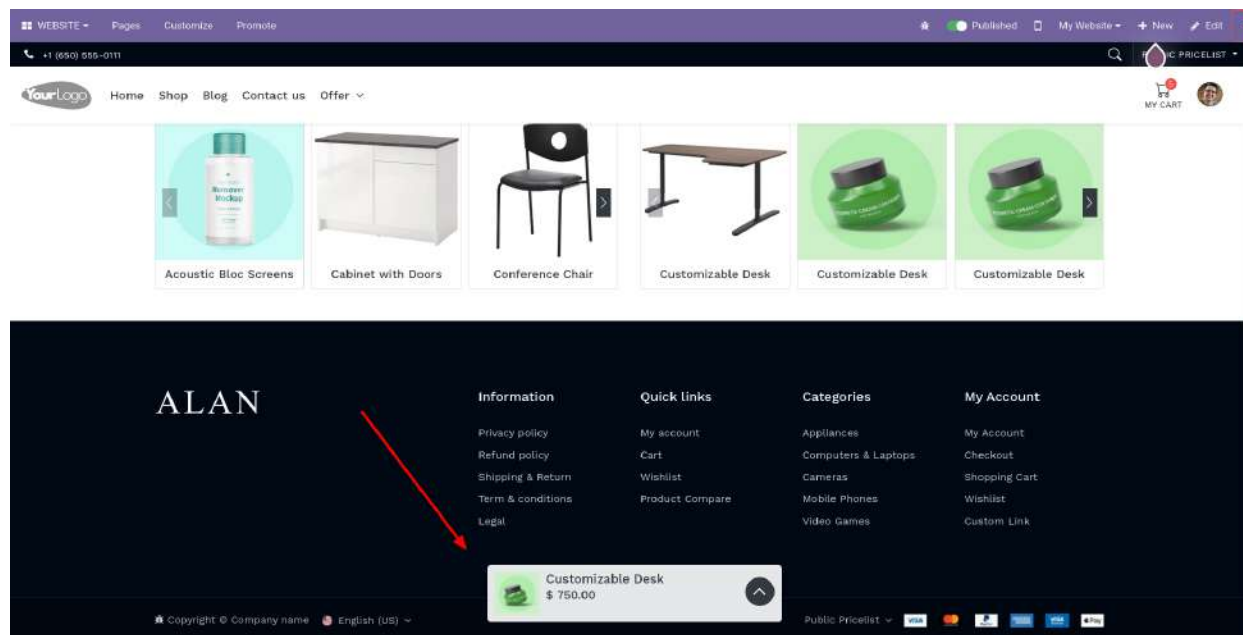

## Product Sticky Cart

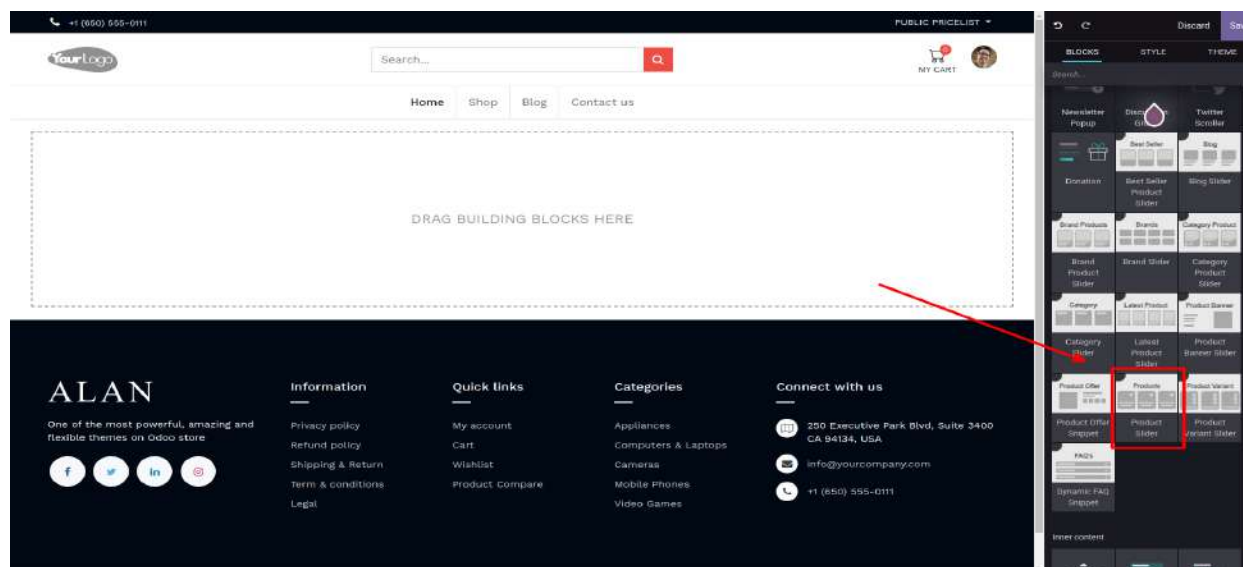

Theme Alan provides you product sticky cart functionality which is very useful on product detail page when it turns on then on scrolling down the sticky cart will appear that helps user to add the product in cart and if product have the variant then on click it will take to you at top.
